

Moving In The **RIGHT DIRECTION**

H2WMA History

In the spring of 2003, 30 representatives from northwest Minnesota manufacturers convened at TEAM Industries to pursue the formation of an association. Today, H2WMA members gather for luncheon meetings four times per year at various member locations along the Highway 2 corridor. The meetings typically consist of a manufacturing facility tour, lunch, networking and a speaker/program topic of interest to our members.

Topics and Issues Addressed:

- ▼ Productivity
- ▼ Technology
- ▼ Lean
- ▼ Quality
- ▼ Insurance
- ▼ Recruitment & Retention
- ▼ Training
- ▼ Development
- ▼ Benefits
- ▼ Best Practices
- ▼ Trends
- ▼ Economics

Who We Are **TOGETHER...**

The Highway 2 West Manufacturers' Association brings together people and resources to learn from each other, in order to improve synergy and promote business success in northern Minnesota and eastern North Dakota.

▼ Network

Talk and share experiences with leading manufacturers.

▼ Learn

Learn about solutions to today's most pressing workforce and business issues.

▼ Collaborate

Get to know business leaders from the region. Collaborate and engage in proactive solutions to common business challenges.

▼ Influence

Collectively influence and leverage programs and policies of local, regional and state government. Influence improved education, training and economic development for the region.

▼ Tour

Most programs include a tour of a manufacturing facility.
